

## FUMITHERM rotary melting furnace inc. holding furnace, used O1617

**manufacturer :** FUMITHERM

**Product number:**  
O1617

### Description

| Furnace                    | Rotary melting furnace        |
|----------------------------|-------------------------------|
| <b>Manufacturer</b>        | FUMITHERM                     |
| <b>Designed by</b>         | DROSS ENGINEERING             |
| <b>Year of manufacture</b> | 2003                          |
| <b>Capacity</b>            | 2000 kg                       |
| <b>Melting capacity</b>    | 1000 kg/h                     |
| <b>Heating</b>             | natural gas                   |
| <b>Burner power</b>        | 1 burner<br>1200 kW,          |
| <b>Consumption</b>         | 1240 kWh/ton                  |
| <b>Refractory</b>          | brick and beton               |
| <b>Comment</b>             | remelting of aluminium alloys |

| Holding furnace            |                               |
|----------------------------|-------------------------------|
| <b>Manufacturer</b>        | FUMITHERM                     |
| <b>Designed by</b>         | DROSS ENGINEERING             |
| <b>Year of manufacture</b> | 2003                          |
| <b>Capacity</b>            | 35000 kg                      |
| <b>Power of burner</b>     | 2 burner Pyronics,<br>600 kW, |
| <b>Consumption</b>         | 393 kWh/h                     |
| <b>Refractory</b>          | brick                         |

|                       |             |
|-----------------------|-------------|
| <b>Delivery time:</b> | immediately |
| <b>Price</b>          | on request  |
